

Raw Feedback data, Noted from Students.

Student A:

Note: "Layout is super clear. I can see everything I need right away."

Note: "Would be cool if it told me about deadlines coming up."

Student B:

Note: "Really clean look, easy to get where I want."

Note: "Needs a night mode for studying late."

Student C:

Note: "The progress bar shows clearly how much I've done. Helps a lot."

Note: "Should link up with the school calendar for important dates."

Student D:

Note: "I can see all my credits and what I need, which is great for planning."

Note: "A tool to play around with different course scenarios would be nice."

Student E:

Note: "Contacting my advisor through this is really easy."

Note: "A place to chat with other students on courses would be helpful."

Student F:

Note: "Access to rules and help is right there, very handy."

Note: "Would help if I could sort my courses by how hard they are or when they're due."

Student G:

Note: "Everything important about me is one place, very tidy."

Note: "Should add a section for joining clubs and groups."

Student H:

Note: "Works great on my phone, no problems when I check stuff."

Note: "Linking this to my personal calendar would be perfect."

Student I:

Note: "Easy to see where I stand with grades and completed courses."

Note: "Alerts for when things change or new tasks are up would be great."

Student J:

Note: "All the degree info I need without being overwhelming."

Note: "An intro guide when first using the app would make it easier."
